

3rd Annual World Heritage Weekend Celebration

International Day for Monuments and Sites, celebrated around the world on April 18th and recognized by UNESCO, is an opportunity to acknowledge the diversity of cultural heritage that is shared by humankind. The day raises public awareness around the efforts that are required to protect and conserve world heritage, while drawing attention to its vulnerability. Each year, International Day for Monuments and Sites celebrates a different aspect of our collective heritage. The 2012 theme has been chosen to mark the 40th Anniversary of the UNESCO World Heritage Convention. The focus will be on “World Heritage and Sustainable Development: the Role of Local Communities.” The Canadian Commission for UNESCO has interpreted this theme as “Global Heritage in your Backyard.”

Nomination Grand Pré is celebrating the 40th Anniversary of the World Heritage Convention and International Day for Monuments and Sites on April 13, 14 and 15 by hosting a dinner and a symposium at Acadia University and a community event at Grand-Pré National Historic Site.
